## [START]

You are [CORRUPTED DATA]. You have found a cell phone with a strange application in it, "ChatAid". You put your finger on its icon and you come across this message in bright pink. [1 SOUL NEEDS HELP. EROTIC SITUATION IN PROGRESS. PLEASE CONFIRM THAT YOU ARE OVER 18.]

Since you are an adult, you confirm it. [CONFIRMATION RECEIVED] appears in gray followed by [NEW OPTIONS ACTIVATED]. The three messages disappear and are replaced by others, all in pink.

[Connection to ChatAid...], [Activation of event description], [Activation of external dialogues], [Activation of thought texting] and [Connection completed].

Then all the messages disappear and you see what appears to be a live video. A woman with long pink hair and large breasts is naked and on a table. She appears to be tied up, but there is no sign of ropes. Her legs are spread.

An undead hand gently caresses her left breast. His other hand fingers, with finesse, her divine pussy. A little of her love juice flows over the bony finger. Although she seems to want to resist, the woman moans. A small laugh is heard then a soft murmur.

"Does it please you, Princess Lolira?"

It was a cold, but soft voice. A man's voice. The princess merely moaned.

"I can offer you much more." Says the voice. "After all, your body..."

His tongue licks Lolira's right breast.

"...your soul..."

His bony finger continues to wet her pussy with pleasure.

"...your desires..."

His finger enters gently in her love hole. Princess Lolira pushes an orgasm.

"Everything belongs to me."

He caresses her from the inside with his finger. In spite of her, Lolira pushes small cries of pleasure, then a message appears on the screen. [Help! Please, anyone, help me!] It seems to be a call for help from Lolira and then, like in a video game, choice buttons appear. [ENJOY THE SHOW] and [HELP THE PRINCESS].

**Hm. What to choose?**

## [ENJOY THE SHOW]

You choose [ENJOY THE SHOW]. The choice buttons disappear and another message from Lolira appears for a few seconds.

[N...no...why...?]

"I'm not done yet. My 'love'..." Said the man's voice.

His bony finger slowly emerges from her divine hole and then goes back inside, again and again. The princess screams in despair.

"I want to give it to you. I want you to feel it."

His hand, which was gently caressing her left breast, goes to caress her right one.

"After all, just because I've eliminated all life from my body doesn't mean I don't feel anything."

His tongue quickly licks her neck. The princess can no longer control herself. She screams and moans incessantly.

"I still feel... desire, pleasure, and hate."

His finger withdraws from her wonderful hole and it drips a beautiful love juice.

"Yes, hate, for your family!"

His tongue will lick, gently and with passion, this nectar of the gods. Lolira screams with desire.

After several licks, the undead takes a break for a long monologue.

"Your father, the king, took everything from me! My family... my future wife... so I became an undead, a powerful sorcerer, and my revenge is finally coming! You, his only daughter, are in my hands! You will become my new wife and when your father sees you again, docile and obedient to my every wish... ohhhhhh, I can already imagine his pain."

Then he returns to lick Lolira's sweet love juice for several minutes before talking to the princess again.

"Now, Princess Lolira. My beautiful one, my 'love'... It's time to

consummate your purity."

He approaches his cock of the princess' divine vagina. Lolira cannot resist him.

"O Lolira! May your sacred sanctuary receive my seeds, divine, but black with darkness! Become mine for eternity!"

Strangely, he penetrates her with much softness, but that doesn't prevent Lolira from howling in pain. He withdraws his penis and returns it in her sacred domain. Again, and again, and again. He ejaculates quickly and his seed goes deep into Lolira's womb.

The princess' eyes, as if under a spell, become glassy and empty.

"Now, are you mine, beautiful Lolira?"

"Yes."

"Prove it to me." The wizard asks.

"I... ah... I..."

He withdraws his penis, giving Lolira a chance to catch her breath.

"I am your wife." Said the princess. "I am all yours, \*Aloric\*. Love me. Protect me. Penetrate me."

Her voice is distant. Aloric, the undead wizard, bursts out laughing.

"As you wish, my sweet Lolira. My 'love' will be yours forever. I can't wait to see the look on your father's face, when he sees you caressing me, licking me..."

Aloric kisses her with passion, while penetrating her again. His hands will vigorously caress her breasts, while pinching her nipples from time to time.

The live video disappears and other messages appear. [Deactivation of event description], [Deactivation of external dialogs], [Deactivation of thought texting] and [Logout of ChatAid...] in pink. Finally, [Logout complete] in red. ChatAid closes itself and disappears from the phone!

You didn't help Princess Lolira. She will remain Aloric's plaything forever. That was what you wanted, wasn't it? Also, what was this ChatAid? Who designed it and why? So many mysteries.

## [HELP THE PRINCESS]

You choose [HELP THE PRINCESS]. The choice buttons disappear and another message from Lolira appears for a few seconds. [Thank the gods!]

"I'm not done yet. My 'love'..." Said the man's voice.

His bony finger slowly emerges from her divine hole and then goes back inside, again and again. The princess screams and she sends you another message. [Ahhhhh~... must... find... a way to free me... his magic is paralyzing me.]

"I want to give it to you. I want you to feel it."

The undead's hand, which was gently caressing her left breast, goes to caress her right one. You wonder how you can help her. She would have to distract the undead to try to escape. Without you understanding how, this message appears. [Can you distract him?] It seems to come from you. Lolira sends you a reply. [I... ooooo~.... I'll try something!]

The finger of the undead withdraws from Lolira's wonderful hole and it flows a beautiful love juice.

"Ohhhh~, Aloric!" Said the princess suddenly.

"Do you like my caresses? My 'love'?"

"Yes... ohhh~... ahhh~... I want to marry you."

Aloric, surprised, withdraws sharply his hand of Lolira's right breast. The princess continues to speak.

"Yes. What my father did to your family and your future wife is unforgivable! It is my duty to repair the harm that has been done to you. I want to become your wife. Not your toy, your WIFE."

Aloric remains silent.

"Don't you believe me?" Lolira asks him.

"No... it's just... I thought I had to force you to be mine with a spell... by penetrating you and..."

"What nonsense! Let's get married right now!"

There was a snap of fingers and the princess managed to move. Aloric orders the princess to follow him. He brings her in front of a bath filled with warm water and orders her to wash herself, while he goes to get her a wedding dress. Lolira pretends to obey by getting into the bath and cleaning her wet pussy.

As soon as Aloric leaves, the princess wraps a white cloth around herself to hide her naked body and sends you a message. [He must have left his castle to find the dress. I just have to run away! Thanks for everything!]

Is that it? No reward for helping her? That is lame! As if in response to your desire, this message appears from you. [What about my reward?]

Lolira answers you. [What? What reward?] Another message appears for your answer. [I helped you, although I didn't do anything, so you owe me a good time!] [No, are you serious?], replies the princess who seems angry. [You want me to... to do what, exactly?]

A long message from you, reflecting your thoughts, appears and it erases the others. The message says that Lolira should finger her pretty pussy, as Aloric did, and then put her fingers in her beautiful hole.

The princess does nothing for a minute and then, after sighing, she drops her white cloth on the floor. She gets into position and she caresses her pussy, while moaning.

When Lolira puts her fingers in her divine hole, she lets out a little scream. The princess continues for several minutes to please you while sending her last message. [Ah~... ah~... oooooooo~... ah~... Is that... enough...? I... ah~, I have to run!] A positive message from you then appeared, followed by a thank you. The princess quickly covers herself with her white cloth. Her love juice flows between her wet legs.

The live video disappears and other messages appear. [Deactivation of event description], [Deactivation of external dialogs], [Deactivation of thought texting] and [Logout of ChatAid...] in pink. Finally, [Logout complete] in green. ChatAid closes itself and disappears from the phone!

You helped Princess Lolira and you got a reward. Well done! But what was this ChatAid? Who designed it and why? So many mysteries.
